## Auditor's Report

To the Members of the Legislative Assembly
Province of Saskatchewan

I have examined the Statements of Receipts and Payments and Employees' Accumulated Contributions of the Public Service Superannuation Board for the year ended March 31, 1983 with respect to both the Public Service Superannuation Plan and the Employees' Savings Account. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the receipts and payments and employees' accumulated contributions of the Public Service Superannuation Plan and of the Employees' Savings Account for the year ended March 31, 1983 in accordance with the stated accounting policies applied, after giving retroactive effect to a revision to information reported in 1981-82 as explained in Note 7 to the financial statements, on a basis consistent with that of the preceding year.

# Public Service Superannuation Board
# Notes to Financial Statements
**March 31, 1983**

## 1. Status of the Plan

Members of The Public Service Superannuation Plan include those public service employees who were employed prior to October 1, 1977 and did not elect to transfer to the Public Employees' (Government Contributory) Superannuation Plan. In compliance with the provisions of section 38 of The Superannuation (Supplementary Provisions) Act, the Board has not registered nor received the contributions of any new employees who commenced employment with the provincial government or related agencies on or after October 1, 1977, the date on which the Public Employees' (Government Contributory) Superannuation Plan came into effect.

## 2. Accounting Policies

### a) Modified Cash Basis of Accounting

The Public Service Superannuation Board has adopted the modified cash basis of accounting wherein receipts are recorded as collected and payments are recorded when payments are made. The financial statements reflect the cash basis of accounting except the receipts applicable to the current fiscal period received prior to April 30 of the next fiscal period are recorded as receipts of the current period, and payments applicable to the current fiscal period made before April 30 of the next fiscal period are recorded as payments for the current period.

### b) Basis of Funding

In accordance with the provisions of section 40 of The Public Service Superannuation Act, all funds received by the Board are deposited into the consolidated fund of the Province and all payments made by the Board under the provisions of the Act are paid therefrom. No funds are set aside for the payment of future benefits. (See Note 3).

### c) Statements of Employees' Accumulated Contributions

The Statements of Employees' Accumulated Contributions present, in summary form, an accounting of the changes that have occurred during the year in the cumulative contributions of all employees of the Provincial Government and related agencies who are registered under the provisions of The Public Service Superannuation Act and who are not in receipt of allowances under the Act.

The balance of the employees' accumulated contributions does not include any accrued interest thereon which may be payable to or on behalf of the employee upon his termination of employment. Interest provided for in the Act is paid by the Board at the time terminating employees withdraw their accumulated contributions from the plans.

### d) Employees' Savings Account

For those employees who are ineligible to contribute to the Public Service Superannuation Plan because of age restrictions upon commencement of employment, section 48 of The Public Service Superannuation Act permits them to contribute to the Employees' Savings Account. Upon retirement, the employee receives, in lieu of a retirement pension, his contributions with accrued interest together with an amount equal to the said contributions and interest.

## 3. Actuarial Evaluation of the Superannuation Plan

The Public Service Superannuation Act states that the Province is responsible for providing out of its consolidated fund, the funds required to meet the present and future payments called for by the plan. An actuarial survey of the Public Service Superannuation Plan was carried out as at March 31, 1979 and the

results indicated that the unfunded liability of the plan representing the value of benefits estimated to have been earned for service to that date was approximately $688,768,000.

**4. Integration of Canada Pension Plan**

The Canada Pension Plan is considered to be integrated with the Public Service Superannuation Plan in the calculation of superannuation allowances and in making payroll deductions for superannuation contribution purposes. Although the plans are integrated for the foregoing purposes the accompanying financial statements do not reflect the employees' contributions to the Canada Pension Plan nor the allowances paid to superannuates by the Canada Pension Plan.

**5. Saskatchewan Transportation Company Employees**

With effect from September 1, 1980 certain employees of Saskatchewan Transportation Company were admitted to the Public Service Superannuation Plan.

In the following year pursuant to a 1981 amendment to The Public Service Superannuation Act and with effect from April 1, 1981 a separate fund was established for Saskatchewan Transportation Company employees. In accordance with these new provisions, the amounts received by the Public Service Superannuation Plan in the period September 1, 1980 to March 31, 1981 in respect of Saskatchewan Transportation Company employees, plus interest thereon, less payments made, were transferred to the new Plan in 1981/82 together with the assets of the old Saskatchewan Transportation Company pension fund administered by the Crown Investments Corporation Superannuation Investment Fund.

**6. Administration Expenses**

The administration expenses of the Board are borne by the Consolidated Fund out of the appropriation for the Public Employees Benefits Agency. Prior to April, 1982, the Board's expenses were paid from an appropriation shown as "Public Service Superannuation Board" and, accordingly, were included in the financial statements of the Board.

**7. Restatement of Prior Year's Financial Statements**

The amount of accumulated contributions of those employees for whom the payment of monthly allowances commenced during the year has been restated for the year ended March 31, 1982 to properly reflect such transactions for that period. The amount has been increased by $290,296 with the effect of decreasing the year end balance in the Employees' Accumulated Contributions Account by the same amount.

# Anti-Tuberculosis League Employees Superannuation Fund
# Notes to the Financial Statements

**March 31, 1983**

## 1. Authority

The Anti-Tuberculosis League Employees Superannuation Fund was established under provisions of an amendment to The Public Service Superannuation Act, effective April 1, 1979 and is administered by the Public Service Superannuation Board. Employees of the Saskatchewan Anti-Tuberculosis League on March 31, 1979 are deemed to be employees of the Public Service for purposes of the Public Service Superannuation Act unless an election was made prior to April 1, 1980 to participate in the Public Employees (Government Contributory) Superannuation Plan. For those employees deemed to be public service employees, contributions are made to the fund and correspondingly refunds, transfers and retirement benefits are paid from the fund, all in accordance with the provisions of the Public Service Superannuation Act. However, if there are insufficient moneys in the fund for those purposes, any deficiency shall be made from and be a charge on the Consolidated Fund.

## 2. Accounting Policies

### (a) Investments

Investments are recorded at cost. Any gain or loss realized upon the sale of investments is recognized in the period in which the sale took place.

### (b) Administrative Costs

In accordance with Section 3 of The Public Service Superannuation Act, the costs to administer the Fund are borne by the Consolidated Fund of the Province and are not reflected in the accompanying financial statements.

## 3. Accumulated Fund Balance

### (a) Employees' Accumulated Contributions

This portion of the accumulated fund balance represents the accumulated amounts that have been contributed by current League employees to the fund at year end. This sum does not represent the accrued value of retirement benefits earned by these employees since retirement benefits are based on years of service and salary levels.

### (b) Unallocated

This portion of the accumulated fund balance is composed of:

i) the accumulated contributions made by all superannuates to the fund;

ii) investment earnings, and;

iii) accumulated contributions to the fund by the Saskatchewan Anti-Tuberculosis League

reduced by retirement allowances paid to superannuated employees and interest paid upon withdrawal or transfer of employee contributions from the fund.

## 4. Actuarial Evaluation

An actuarial study has not been commissioned to determine if the present assets of the fund together with employee contributions and the presently required matching League contributions will be sufficient to meet obligations to plan members who have contributed to the fund.

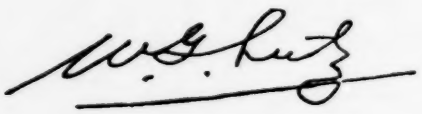
## Auditor's Report

To the Members of the Legislative Assembly
Province of Saskatchewan

I have examined the balance sheet of the Saskatchewan Transportation Company Employees Superannuation Fund as at March 31, 1983 and the statement of accumulated fund balance for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the fund as at March 31, 1983 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.



Regina, Saskatchewan.
July 27, 1983.

W. G. Lutz, F.C.A.,
Provincial Auditor.

## 1. Authority

The Saskatchewan Transportation Company Employees Superannuation Fund was established under provisions of an amendment to The Public Service Superannuation Act, effective April 1, 1981 and is administered by the Public Service Superannuation Board. Employees of the Saskatchewan Transportation Company on March 31, 1981 are deemed to be employees of the Public Service for purposes of The Public Service Superannuation Act. For those employees deemed to be Public Service Employees, contributions are made to the fund and correspondingly refunds, transfers and retirement benefits are paid from the fund, all in accordance with the provisions of the Public Service Superannuation Act. However, if there are insufficient monies in the fund for those purposes, any deficiency shall be made from and be a charge on the Consolidated Fund.

## 2. Accounting Policies

### (a) Investments

Investments are recorded at cost. Any gain or loss realized upon the sale of investments is recognized in the period in which the sale took place.

### (b) Administrative Costs

In accordance with Section 3 of The Public Service Superannuation Act, the costs to administer the Fund are borne by the Consolidated Fund of the Province and are not reflected in the accompanying financial statements.

## 3. Accumulated Fund Balance

### (a) Employees' Accumulated Contributions

This portion of the accumulated fund balance represents the accumulated amounts that have been contributed by current company employees to the fund at year end. This sum does not represent the accrued value of retirement benefits earned by these employees since retirement benefits are based on years of service and salary levels.

### (b) Unallocated

This portion of the accumulated fund balance is composed of:

i) the accumulated contributions made by all superannuates to the fund;

ii) investment earnings and;

iii) accumulated contributions to the fund by the Saskatchewan Transportation Company

reduced by retirement allowances paid to superannuated employees and interest paid upon withdrawal or transfer of employee contributions from the fund.

## 4. Transfer of Net Assets

### (a) Crown Investments Corporation of Saskatchewan Superannuation Investment Fund

Pursuant to an amendment to The Public Service Superannuation Act in 1980 the assets attributable to the Saskatchewan Transportation Company pension plan were transferred effective April 1, 1981 from the Crown Investments Corporation of Saskatchewan Superannuation Investment Fund to the Saskatchewan Transportation Company Employees Superannuation Fund. The basis of transfer was prescribed to be at

book value, which was determined to be the original cost of the investments transferred adjusted by the amortization of purchase premium and discount amounts to the date of transfer. In order to complete the transfer, the portion of contributor's equity relating to the Saskatchewan Transportation Company pension plan in the Crown Investments Corporation of Saskatchewan Superannuation Investment Fund was determined at March 31, 1981, with the excess of that amount over the book value of assets and accrued interest being settled by a cash payment. Since the transfer took place on May 31, 1981, the amount of interest earnings relating to April and May 1981 were also paid to the new fund and are reflected as revenue of the 1981-82 fiscal year for financial statement purposes.

**(b) Consolidated Fund**

With effect from September 1, 1980 members of the Saskatchewan Transportation Company pension plan were admitted to the Public Service Superannuation plan. During the period September 1, 1980 to March 31, 1981, the Public Service Superannuation Board received contributions from the employees of $241,667 with matching contributions from Saskatchewan Transportation Company of $198,088 and made payments during the period to former employees of Saskatchewan Transportation Company totalling $60,039. The amount of $385,204 representing amounts received by the Public Service Superannuation Board during this period plus interest thereon, less payments made, was transferred during the 1981-82 fiscal year to the Saskatchewan Transportation Company Employees Superannuation Fund.

**5. Actuarial Evaluation**

An actuarial study has not been commissioned to determine if the present assets of the fund together with employee contributions and the presently required matching Company contributions will be sufficient to meet obligations to plan members who have contributed to the fund.
